**Board of Health Notes.**

The regular meeting of the Board of Health took place yesterday. It was decided to take \$2500 of the cholera appropriation for the pumping plant on Beretania street which has been obliged to stop for want of cash. Fishing east of the new retaining wall was allowed on motion of Dr. Emerson and in response to a petition from E. H. Wodehouse. The restrictions on fishing west of Kalihi were removed. The water in the harbor may now be used for washing of vessels, etc. The resignation of Dr. Russell of Waianae was accepted and the doctor thanked for his past valuable services. Father Conrady, who during the last seven years has faithfully devoted his services to the lepers on Molokai, has been ordered to leave the settlement, and a letter protesting against such an unjust and arbitrary action from the Father was read. A petition for a license for a Chinese doctor was refused on motion of Dr. Wood, who had examined the applicant and found him totally incompetent. Communications against the re-opening of a certain ditch in Nuuanu from P. C. Jones and W. W. Hall were read and considered.

**The Wailuku Water Case.**

Our attention has been called to the fact that the decision of the Supreme Court in the celebrated Wailuku water case was published in volume 9 of the Hawaiian reports. The decision has not been published in the Hawaiian Gazette, owing to its great length, and we suppose that is the reason that those interested ask, occasionally in our columns "Where is that Wailuku water case?"
